Uniquely Connected,
20 YEAR
ANNIVERSARY

Annual Report 2016
Heritage Valley Health System

Heritage Valley Health System is an integrated delivery network providing comprehensive health care for residents of Allegheny, Beaver, Butler and Lawrence counties, in Pennsylvania; eastern Ohio; and the panhandle of West Virginia. In partnership with 3,500 employees and more than 480 physicians, Heritage Valley offers a broad range of medical, surgical and diagnostic services at its two hospitals, Heritage Valley Sewickley and Heritage Valley Beaver; in 60 physician offices; and 18 community satellite facilities.

Heritage Valley Beaver
is a 334 bed acute care hospital
located in Beaver, PA

Heritage Valley Sewickley
is a 186 bed acute care hospital
located in Sewickley, PA
Mission
To improve the health and well-being of all people in the communities we serve.

Vision
Heritage Valley Health System will be a leader among community health systems nationally. We will provide exceptional health services across a seamless delivery system, built upon collaborative relationships connecting physicians, employees and the community. We will address both the prevention and treatment of disease throughout the continuum of life.

Values
- Ethical Behavior
- Responsibility
- Collaboration
- Compassion
- Proficiency
- Service Excellence

Strategic Imperatives
- Quality, Safety and Customer Experience
- Human Resources
- Information Technology
- Market Expansion and Community Health
- Fiscal Responsibility

Heritage Valley Beaver and Heritage Valley Sewickley are the flagship facilities of Heritage Valley Health System. Each facility has a long history as depicted on murals in each of the lobbies, pictured here. Over the past two decades the system has grown to include dozens of community outpatient facilities and physician practices. Heritage Valley’s mission, vision, values and strategic imperatives continue to guide the organization into the future.
Heritage Valley Health System Senior Management Group

Heritage Valley Health System’s senior management group includes (front, left to right) Sharon Loftus, Esq., Vice President and Chief Legal Officer; Linda F. Homyk, Vice President and Chief Nursing Officer, Patient Care Services; Norman F. Mitry, President and CEO; Lori Lang, Vice President, Physician Practices; and Kathleen Harley, Vice President and Chief Nursing Officer of Surgical & Procedural Services; (back, left to right) Bruce E. Edwards, Vice President and Chief Human Resources Officer; Michael Cratty, M.D., Chief Medical Officer; John Luellen, M.D., Vice President and Chief Operating/Quality Officer; David Carleton, Vice President and Chief Information Officer; Bryan J. Randall, Vice President and Chief Financial Officer; and Michael Miller, Chief Executive Officer, Consolidated Supply Chain Services, LLC.

Letter from the Chairman of the Board of Directors and President/CEO

This is a milestone year. The consolidation of Sewickley Valley Hospital and The Medical Center, Beaver in 1996 formed Heritage Valley Health System. In the years since, a viable, innovative community health system has evolved to provide health care to the people of southwestern Pennsylvania, eastern Ohio and the northern panhandle of West Virginia.

The past 20 years have been “ever changing and ever challenging.” During these two decades we have seen rapid transformation in the health care industry from the transition of the payment system, the increasingly competitive landscape of health care delivery in Western Pennsylvania to the implementation of the Affordable Care Act. Health systems and hospitals have faced dramatic changes in reimbursement from fee-for-service to a value-based reimbursement structure, a shift in the volume of care delivered in hospitals to outpatient community locations and a changing model of care that emphasizes customer experience and increased access to care.

Through this transformation, the Heritage Valley Health System Board of Directors has provided leadership ensuring that the challenges we face are met with innovative solutions. Heritage Valley has become more integrated as a system, which enables us to compete effectively in this demanding environment. Early investments in information technology have increased efficiencies in health care delivery. Additionally, the implementation of a retail strategy through the opening of ConvenientCare and Medical Neighborhood locations has expanded access to care for our consumers.

During this time, the Board of Directors also expanded care in the community by entering into joint ventures with organizations that complement Heritage Valley’s services. Joint ventures in areas such as home health, hospice care, medical equipment, etc., help Heritage Valley provide more comprehensive care for our patients and they improve and balance the Health System’s financial performance.

It is likely Heritage Valley Health System will face more challenges. Regardless of what the future brings, the Board of Directors, senior management, physicians and employees of Heritage Valley remain dedicated to providing the highest quality of care that is cost-effective and easily accessible. Our mission to improve the health and well-being of all the people in the communities we serve is steadfast as we aim to remain, with our community, Uniquely Connected, For Life.

Dennis Pegden
Chairman, Board of Directors

Norman F. Mitry
President and CEO
Commitment

On November 1, 1996, The Medical Center, Beaver and Sewickley Valley Hospital consolidated to become what is today, Heritage Valley Health System. Throughout its 20 year history as an integrated delivery system, Heritage Valley has grown and evolved to meet the changing needs of the community while remaining stable and prosperous in an ever-changing, ever-challenging health care industry.

Heritage Valley’s success can easily be attributed to the vision and leadership of a dedicated group of individuals that have served on the Health System’s Board of Directors during these two decades. Under their direction and leadership, Heritage Valley has undergone a transformation from two hospitals into a community health system that exists to meet the changing health care needs of the community. This has been accomplished through the expansion of services and geographical reach, the vision to invest in innovation to improve efficiency and the continuity of care, the dedication of senior leadership, physicians and employees and the foresight to actively engage partners in order to strengthen sustainability.

Transformation

Keeping pace with the changing health care needs of the community is essential to ensuring that Heritage Valley Health System remains a leading community health system in the region.

**Emergency Departments**

Before the 1996 consolidation the Heritage Valley Beaver and Heritage Valley Sewickley Emergency Departments were last renovated in 1980 and 1978 and were able to handle a capacity of 26,000 and 22,000 patient visits per year, respectively. Increasing volumes throughout the 1990s and early 2000s resulted in a need to expand these vital community resources. In 2006, the Heritage Valley Beaver Foundation and Heritage Valley Sewickley Foundation embarked on capital campaigns to renovate the emergency departments at Heritage Valley Beaver and Heritage Valley Sewickley.

In January 2010, construction was completed revealing modern areas that are polished and operational with state-of-the-art technology. The emergency departments were renamed the Heritage Valley Beaver Auxiliary Emergency Department and the Patricia S. Snyder Emergency Department at Heritage Valley Sewickley. The significantly expanded Emergency Departments (Heritage Valley Beaver doubled to 24,000 square feet and Heritage Valley Sewickley nearly tripled to 22,000 square feet) have continued to see patient volumes increase. In fiscal year 2016 Heritage Valley Health System had a total of 101,130 patient visits to both emergency departments.

**Renovations**

Also during this time, the lobbies at both hospitals were remodeled as well as the addition of a new Endoscopy Suite on the second floor at Heritage Valley Beaver. In subsequent years, significant renovations have been made to the radiology department, Alex E. Sebastian Surgical Waiting Area and the Shirley Flick Gift Shop / Coffee Shop in Beaver. The improvements to facilities that have transpired over the past 20 years have expanded the ability to deliver much needed services and made the hospitals more accessible for patients, visitors and the community.

Heritage Valley Sewickley’s
Patricia S. Snyder Emergency Department waiting area (left) and patient room (below)
Expansion

As the health care needs of patients in the communities that Heritage Valley serves have changed, so have the type of services offered in the hospitals and at satellite locations. It has been Heritage Valley’s objective to offer much needed services in easily accessible locations so that patients would be able to avoid having to travel far for their health care needs.

Community Health Services
In 1998, Heritage Valley Health System, with a $500,000 commitment from the Heritage Valley Beaver and Heritage Valley Sewickley Foundations, initiated disease management and community case management programs. From that point on, Heritage Valley has remained committed to providing patients with chronic health conditions the highest quality and most efficient medical care through comprehensive community health programs. The disease and case management efforts of 1998 have evolved into the Heritage Valley Community Health Services Department that now provides a wide range of programming including those that address pediatric asthma, high risk pregnancies, diabetes prevention, diabetes and nutrition management, pediatric obesity, chronic advanced illness and general community outreach and education.

Women’s Health Center
In 2004 Heritage Valley announced the inception of a Women’s Health Program and opening of the new Heritage Valley Women’s Health Center in Center Township. The facility was the first of its kind in Beaver County offering a complete breast-imaging and diagnostic program. Services have expanded and the Women’s Health Center is now the hub of the comprehensive Heritage Valley BreastCare program. Each year, the Women’s Health Center provides more than 39,000 exams to women including screening and diagnostic digital mammography, bone density (DEXA), general and breast ultrasound, X-ray, lab, electrocardiogram, MRI, CT and breast biopsy (ultrasound, MRI and stereotactic guided). In 2016 services of the Women’s Health Center expanded to the Heritage Valley Edgeworth Medical Neighborhood.

WoundCare and Hyperbaric Medicine
In late 2009, Heritage Valley WoundCare opened on the first floor of the Heritage Valley Beaver hospital campus. The interdisciplinary staff of the service line provides a variety of treatment options, including hyperbaric oxygen therapy, to patients with chronic, non-healing wounds. In 2015, Heritage Valley WoundCare and Hyperbaric Medicine received accreditation by the Undersea and Hyperbaric Medical Society (UHMS) for demonstrating commitment to patient care and facility safety in clinical hyperbaric medicine. Heritage Valley has the only UHMS Accredited Hyperbaric Center in western Pennsylvania.
ConvenientCare and Medical Neighborhoods
The expansion of services does not rest at the hospitals alone. In 2008, Heritage Valley Health System developed and implemented a retail medicine strategy that included the opening of several ConvenientCare walk-in clinics. Additionally the concept of offering health care services in a retail setting was further expanded when Heritage Valley Medical Neighborhoods opened beginning in 2012. Currently there are six Heritage Valley Medical Group ConvenientCare walk-in clinics and seven Heritage Valley Medical Neighborhoods that provide high quality care in easily accessible community locations.

Neurosurgery
In 2015, Heritage Valley Health System embarked on a partnership with Butler Health System to provide select physician subspecialty services. The first subspecialty to be offered was PA Brain & Spine Institute, which brought neurosurgery and expert surgical care to patients with complex neurosurgical needs to Heritage Valley Beaver. A growing number of neurosurgical procedures have been performed at Heritage Valley Beaver that would have otherwise been referred to another facility if not for the partnership.
The Heritage Valley Health System Board of Directors has invested in a sustained information technology long range plan since 2003. The “all-inclusive information strategy” was implemented to help advance the Health System. This vision has been realized through a number of initiatives that promote efficiency, convenience and quality care. Heritage Valley Health System has been named “Most Wired” for three consecutive years (2014 – 2016) and ranked 35 on the 2014 IMS Health Top 100 Integrated Delivery Networks (IDNs) list which recognizes the way that integrated delivery networks are reshaping how care is provided and treatment decisions are made.

**Kiosk Registration**

Heritage Valley Health System in 2006 adopted kiosk registration at the hospital and all satellite locations. The kiosks made patient registration more efficient, enabling users to enter their information or scan their Care Card to check in. It also enabled the Information Technology department to collect data on patient access patterns which helped in future technology projects.

**Electronic Health Records (EHR)**

Perhaps one of the most significant changes in the health care industry, an electronic medical records system, was adopted early at Heritage Valley. Beginning in 2003, Heritage Valley implemented an EHR which contributed to care efficiencies and the continuum of care by enabling physicians and other clinicians to access details of a patient’s medical history and test results. Heritage Valley Information Technology integrated PACS (Picture Archive and Communication System), which enables X-rays to be displayed digitally on monitors, into the EHR and made mobile access of this information a reality.

**Consumer Communication**

Heritage Valley Health System utilizes technology to communicate with consumers regarding health system locations, physician information, accessibility of services and personal health information. Beginning in 2009, Heritage Valley launched patient activity indicators enabling patients to check the estimated wait times at various locations throughout the health system. Shortly thereafter, Heritage Valley Health Link, powered by FollowMyHealth, was initiated. Health Link is a secure online patient portal that enables patients to conveniently review their health information online, giving patients access to lab results, appointment scheduling and their medical history. Most recently Heritage Valley launched the HVHS app so that consumers can access all of this information from their Smartphone or tablet.
Health Information Exchange
As the use of information technology has skyrocketed throughout the industry, the need to share information inside Heritage Valley and with our patients led also to the need to communicate with other external health care providers. In 2012, Heritage Valley took a leadership role in Pennsylvania’s first regional health information exchange (HIE). The HIE, ClinicalConnect, benefits physicians and patients by providing timely access to vital patient information such as allergies, medications, lab results, past hospitalizations, immunizations and other data.

Dr. Edward Estrin and Dr. Justin Torok, (below) radiologists from Brighton Radiology Associates, read diagnostic images that are shared with physicians through the electronic health record (EHR).

Health Link, Heritage Valley Health System’s patient portal, enables consumers to retrieve their personal health information via the Internet or through the HVHS mobile app.
Dedication

The most valuable asset to any organization is its workforce. Heritage Valley has more than 480 affiliated physicians and 3,500 employees that come together every day to deliver the highest quality care to their family, friends and neighbors. Their dedication has remained steadfast during periods of change throughout the past two decades.

Heritage Valley Physician Groups
Physicians are essential to the delivery of high quality health care. Heritage Valley Health System has long benefitted from its strong affiliated physician groups: Heritage Valley Medical Group, Heritage Valley Pediatrics and Tri-State Obstetrics & Gynecology. Heritage Valley Medical Group, the fifth largest physician group in the Pittsburgh area, according to the Pittsburgh Business Times, formed in 2012 and provides care in the following specialties: internal medicine, family medicine, cardiology, cardiothoracic surgery, general surgery, gastroenterology, pulmonology and rheumatology. Specialty care for children and women is available at community locations throughout Heritage Valley’s service area. Heritage Valley Pediatrics’ 14 physicians offer high quality pediatric care at seven community locations while Tri-State Obstetrics & Gynecology has four office locations in the community.

Heritage Valley Medical Group Surgical Associates has offices in Beaver and Sewickley.

Pictured left to right are: Terrence McKee, M.D., Sheri Morris, M.D., Benedict Leung, M.D., Erick Boyle, M.D., Marshall Burke, M.D. and Kyung K. Incorvati, M.D.
**Hospitalist Program**
One impactful change for patients and practitioners over the last two decades is a growing trend toward hospital medicine, delivered by physicians known as hospitalists. Hospitalists are physicians whose primary professional focus is the general medical care of hospitalized patients. Their activities include patient care, teaching, research and leadership related to Hospital Medicine. Heritage Valley Health System initiated a hospitalist program in 2011 at its Beaver and Sewickley hospitals. The program currently has more than 15 physicians and nearly 10 additional advanced care providers as part of the service.

**Quality, Patient Safety and Customer Experience**
Heritage Valley Health System is committed to providing high quality health care to our patients at all of our facilities. A major imperative of the organization is to develop and implement quality strategies to meet or exceed expectations of healthcare institutions with a focus on clinical quality, safety (patient & employee) and customer service excellence and satisfaction. Our dedicated quality and customer experience team lead this effort, however the dedication to this imperative reaches all of our employees. In 2013, Heritage Valley introduced Pay for Value as an employee incentive program aligning performance outcomes with Value Based Purchasing. The Pay for Value program provides employees with the opportunity to earn an additional percentage of productive earnings, paid on a quarterly basis if certain customer experience target thresholds are met. In 2014 the Hospital & Healthsystem Association of Pennsylvania (HAP) honored Heritage Valley Health System with an Achievement Award for Workplace Innovation for the successful implementation of the program.
Remaining a viable, thriving community health system has been the goal of the Heritage Valley board of directors since the formation of the Health System in 1996. As industry changes have occurred, Heritage Valley has relied upon collaboration and relationships to ensure that our communities have access to the services they need most.

**Senior Living**
In collaboration with Lutheran SeniorLife, Heritage Valley supports the LIFE Beaver County and LIFE Lawrence County programs. Living Independence For the Elderly (LIFE) provides an alternative to nursing home care by helping to restore and support independence for older individuals who wish to remain in their homes. Participants receive a full range of medical, social and rehabilitation services including primary care, prescription coverage and management, adult day services and home care.

**Hospice Care**
In April 2013, Good Samaritan Hospice, a mission of Concordia Lutheran Ministries, and Heritage Valley opened Beaver County’s first inpatient hospice unit on the fourth floor of Heritage Valley Beaver. The 10-bed unit at Heritage Valley Beaver serves terminally ill patients by providing a higher level of care required to face the challenges of end of life in a caring, compassionate atmosphere where patients can receive comprehensive management of their end-of-life illness. The partnership extends beyond the inpatient unit with additional locations in Wexford and Cabot.

**Home Infusion Therapy**
In 2015, Heritage Valley Health System partnered with Chartwell Pennsylvania, LP, the largest and most clinically advanced provider of home infusion therapy and specialty pharmacy services in the tri-state area. Based in Crafton, Pa, Chartwell provides home infusion therapy for a variety of diagnoses. Providing these services is a clinically safe and effective alternative to hospitalization for many. The partnership includes Butler Health System, Washington Health System, Great Lakes Home Healthcare and UPMC Community Provider Services to offer home infusion therapy and specialty pharmacy services in the tri-state area.

**Home Health**
Heritage Valley Health System entered into a joint venture in 2015 with Concordia Visiting Nurses, a subsidiary of Concordia Lutheran Ministries. The joint venture promotes seamless transitions of care from hospital to home and includes three other health care providers – Butler Health System, St. Clair Hospital and Washington Health System.
Heritage Valley Health System has diversified and expanded its reach by partnering with many regional health care providers. These are the organizations with which the Heritage Valley Health System has joint venture agreements.
Fiscal Responsibility

The Heritage Valley Health System Board of Directors is committed to remaining a high quality care health care provider now and well into the future. The changes, challenges and competition in the healthcare industry have led to increased attention to the financial stability of hospitals and health care systems. Since 1998, Heritage Valley has worked with financial rating agencies to ensure that the Health System is financially stable and has made those ratings public. The transparency in Heritage Valley’s financial health is unique. Currently, Heritage Valley Health System has favorable ratings from the three top financial ratings agencies, garnering an “A+” from Standard & Poor’s; “A+” from Fitch Ratings; and “A2” from Moody’s. All agencies report a stable outlook.

Heritage Valley Health System
Foundation Giving

Heritage Valley Sewickley Foundation and Heritage Valley Beaver Foundation are committed to raising funds to support the Mission, Vision, and Values of Heritage Valley Health System and its hospitals, Heritage Valley Sewickley and Heritage Valley Beaver. The Foundations, in conjunction with Heritage Valley Health System and hospital administration, identify major funding needs for the Sewickley and Beaver campuses, design their fundraising programs toward those needs, and attempt to raise funds from key constituents that choose the hospitals as a “charity of choice.”

Heritage Valley Sewickley Foundation

Between July 1, 2015 and June 30, 2016, the Heritage Valley Sewickley Foundation raised $752,068. Funds were used to help Heritage Valley Sewickley carry out its mission of improving the health and well-being of our community.

Special Events Revenue.................................................................$160,874
General Donations...........................................................................$591,194

The Foundation Board approved funding in several areas to assist the Sewickley campus and community, including:

Heritage Valley Health System Events

Heritage Valley Health System Foundations and the Heritage Valley Beaver Auxiliary sponsor a variety of fundraising events each year. The proceeds from these events fund facility improvements, state-of-the-art equipment, renovations and support Community Health Services programs that are offered to the community at no charge.

Tito Francona Golf Classic
The annual Tito Francona Golf Classic was held on August 17, 2015. Over 200 golfers turned out for the event that was held at Olde Stonewall Golf Club and Connoquenessing Country Club. The event raised more than $136,000 for the Cardiology and Oncology Funds at Heritage Valley Beaver. Bob DiBiasio, Sr. Vice President-Public Affairs for Cleveland Indians Baseball, presented a sponsorship check to Tito.

Sewickley 5K Heart & Sole Run and Walk
Kids, adults, and families were among the hundreds that participated in Heritage Valley Sewickley’s 5K Heart & Sole Run and Walk on October 10, 2015. Proceeds from the event benefited the Faith in Action Program administered in conjunction with the Sewickley Valley YMCA.

Heritage Valley Beaver Auxiliary Holiday Ball
The Heritage Valley Beaver Auxiliary Holiday Ball was held on November 14, 2015 at The Club at Shadow Lakes. During the Holiday Ball, Thomas McCreary, MD, retired Heritage Valley Medical Group physician received the “Heritage Valley Beaver Auxiliary Caregiver Award.” The Caregiver Award honors a retired Heritage Valley Beaver physician who has been a longtime advocate for the Auxiliary and the hospital. Additionally, in appreciation for her lifetime of service with the Heritage Valley Beaver Auxiliary, Mrs. Shirley Flick was honored for her dedication and service by naming the Gift Shop and Coffee Shop at Heritage Valley Beaver “The Shirley Flick Coffee Shop and Gift Shop”. Pictured left to right, Dr. Maurice Prendergast, president, Heritage Valley Beaver Medical Staff, Dr. Thomas McCreary, Dr. John Baska and Shirley Flick, president, Heritage Valley Beaver Auxiliary.
Shane Conlan Golf Classic

The Fifth Annual Shane Conlan Golf Classic was held May 16, 2016 at the Sewickley Heights Golf Club. More than 96 golfers participated and the event raised $46,900. Pictured left to right is the first place foursome of golfers with Shane Conlan: Wayne Huren, Tony Chammas, Shane Conlan, Paul Coury and Frank Lally.

The Unique Boutique

The Unique Boutique welcomed hundreds of shoppers on November 15, 2015 at the Edgeworth Club in Sewickley. The event featured more than 50 unique artisans and vendors. The event raised $25,200 in support of Heritage Valley’s Community Health Services High Risk Pregnancy Program.

Heritage Valley Wine and Culinary Celebration

“A Toast to Your Health” Wine and Culinary Celebration was held Saturday, April 16, 2016 at the Hyatt Regency Pittsburgh International Airport. It was the 13th anniversary of the biennial event which raised more than $159,000 to support the Heritage Valley Beaver and Heritage Valley Sewickley Foundations. The celebration included delicious wine tasting from some of the finest wineries coupled with delicious samplings of food prepared by chefs from regional dining establishments.

Since 1990 the Wine Event has raised over $1 million. Alex and Linda Sebastian were recognized for their commitment and effort for quality health care in our community through the Wine Event. In honor of their support the family waiting room at Heritage Valley Beaver was named The Alex E. Sebastian Surgical Waiting Room. Pictured are Linda and Alex Sebastian.
Founders Society

The Founders Society consists of those individuals, corporations, and foundations that have made cumulative gifts during the fiscal year (July 1, 2015 - June 30, 2016) at the following levels:

President’s Council • Patron • Benefactor • Challenging • Sustaining • Associate

Honor Roll of Donors for Fiscal Year 2016

Tribute Giving

A memorial or tribute gift to Heritage Valley Sewickley or Heritage Valley Beaver helps to enrich the lives of others, and is a beautiful way to remember or honor a loved one, friend, your doctor or nurse or anyone who has touched your life and your heart.

You may wish to direct family and friends to make gifts in honor of your birthday, anniversary, or in honor of a newborn. Gifts can also be made in memory of a loved one.

The following wording is suggested for this notice:
“The family has requested memorial donations be made to Heritage Valley Sewickley Foundation or Heritage Valley Beaver Foundation, Heritage Valley Health System, 420 Rouser Road, Suite 102, Moon Township, PA 15108.”

“In lieu of flowers (gifts), donations in memory of (name of deceased) or in honor of (name of person or event) may be made to Heritage Valley Sewickley Foundation or Heritage Valley Beaver Foundation, Heritage Valley Health System, 420 Rouser Road, Suite 102, Moon Township, PA 15108.”
