

Quick Click Clinic Instructions

Heritage Valley Pediatrics is adding convenience and reducing wait times for our patients by offering instant self-scheduling through the HVHS APP beginning October 1, 2016. This new feature will replace the current walk-in sick clinics at our sites. Now you can schedule a same or next day appointment for your sick child by simply using your smartphone.

Activate Heritage Valley Pediatrics Next Day Scheduling

Step 1

Download the HVHS app for iPhone or Android

iTunes - scan the QR code below or go to:
<https://itunes.apple.com/us/app/ihvhs/id447861184?mt=8>

Android - scan the QR code below or go to:
<https://play.google.com/store/apps/details?id=org.hvhs.android.hvhs>

Download for iPhone

Download for Android

Step 2

Alert the Heritage Valley Pediatrics staff that you want to enroll for Next Day Scheduling and give them the phone number of the device you are registering.

Step 3

You will receive a TEXT on the registered device that you have successfully subscribed. Follow the instructions in the TEXT.

Step 4

Log into the HVHS App on your phone to utilize Next Day Scheduling.

Schedule a Next Day Appointment at Heritage Valley Pediatrics

Step 1 Open the HVHS App on your phone.

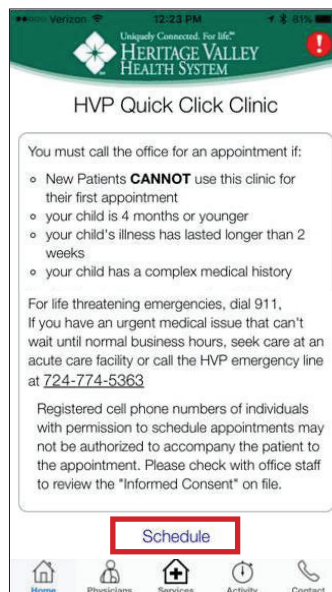

Step 2

Click on the "Pediatrics" Icon at the bottom left. You have this icon once you have enrolled in the program at the office.

Step 3

The HVP Quick Click Clinic screen will be displayed with office policies. Click "Schedule" link.

Step 4

A screen with locations and time slots available for the next day will appear. Simply click on the blue box under the location and time slot you prefer.

You are now registered for a HVP Quick Click Clinic Visit!
