

September 28, 2020

To the patients of Dr. Richard Hogan:

We would like to inform you of an upcoming change to the HVMG Sewickley Primary Care Office effective **October 15, 2020**. As Heritage Valley Health System adapts to the changes in the healthcare environment, as the result of the Covid-19 pandemic, some of our offices are being restructured. In our case, Dr. Justine Kostrub and Dr. MoNika Sauber will be relocating to a new office in the Esmark Building. Their new practice name is HVMG Primary Care Associates of Sewickley. Their practice will work independently of Sewickley Primary Care.

Please note that if you are an established patient of Dr. Hogan's that nothing will change moving forward other than some minor staffing adjustments. Dr. Hogan will remain in the current location and will continue to have the support of our current Physician Assistants, Susan Moran, PA-C and Vick Carrasco, PA-C.

Patients of Drs. Monika Sauber and Justine Kostrub will be provided their primary care at the new practice location in the Esmark Building on 100 Hazel Lane in Sewickley. Their patients will be sent a separate letter informing them of the new office address.

If you are a former patient of Dr. James Meditch or Dr. Sarah Shinn and have not established as a patient with Dr. Richard Hogan, we ask that you please contact HVMG Primary Care Associates of Sewickley at 412-749-6938 to establish with that practice. If you prefer to establish with another primary care physician (PCP), please contact the Heritage Valley FIND-A-DOC service to identify a new HVMG PCP. You can call 1-844-769-DOCS (3627) or access on our website at www.heritagevalley.org/doctors.

My goal, and that of Sewickley Primary Care, will not change. We remain committed to providing our patients with the most up-to-date diagnostic and preventative medical care available in a compassionate and efficient manor.

Sincerely,

HVMG Sewickley Primary Care
Richard C. Hogan, MD
