Breastfeeding Moms Network / Support

Who: Mothers who plan to breastfeed or pump breastmilk.

When: During your pregnancy or while you are breastfeeding or pumping for your baby. The group meets monthly.

What: A support group for breastfeeding or pumping mothers. Healthy moms and babies, as well as expectant mothers, are welcome to attend meetings. Lactation consultants, lactation counselors and Registered Nurses with special training for supporting breastfeeding families are available to support you and your baby while at the hospital.
